Dear Commission Members:

I am writing today to strenuously object to this exorbitant rate increase of our water assessments. A 29% increase is way beyond the pale. A large number of the people living in our town are either retired on a fixed income or middle class or lower middle class. A 29% increase in our water bills would really impact most of us.

As a taxpayer and senior citizen, I have always tried to conserve on our utilities and have always been responsible about conserving our natural resources etc. We recycle everything we can.

Please take everything into consideration when you determine what rate increase you will allow. Anything over 5-10% seems extremely unfair to most of us.

Thank you for your attention and time.

Kathryn M. Garcia
